ABOUT ME

Confident hardworking web developer who is willing to put effort and hours to get the job done. I enjoy learning new technologies and experiment with ones that I already know.

Best qualities:

- hardworking and honest,
- passionate about coding,
- having a problem solving mindset and because of that I can't stop trying until I succeed,
- have a big respect to others and helping them (no place for arrogance)
- have a great desire to learn.

EDUCATION

- 2011-2015  Technical School "Rade Metalac", Leskovac
Electrical technician of Multimedia
High School Diploma
- 2018-2019  ITAcademy

EXPERIENCE

I didn't work anywhere. I'm working on my first project (web shop) that will be on the server soon. I try to achieve as much as possible to improve my knowledge.

Skilled in and worked with:

- backend languages (PHP),
- frontend languages (JavaScript, CSS, HTML),
- relational and non-relational DBMS (MySQL),
- version control system Git.

Also finished many online courses on udemy platform.
